

Advanté

Transport & Lifting Services

Do you need
to move plant or
equipment on or off site?

A lift you can't manage, a load
too heavy or a reach too far?

At Advanté we specialise in the
movement of light construction plant,
site accommodation and associated plant.

We'll give you a lift!

For your transport and lifting solution, let us
do the heavy lifting for you.

Safety

- All lifting operations are carried out to BS 7121 Best Practice.
- Our staff undertake the Safe Urban Driving Course to reduce our Work Related Road Risk (WRRR).
- All drivers and vehicles are fully compliant with latest Allmi 'swing up stabiliser leg' directive.

Expertise

- Dedicated install teams, Project Managers, Slings/Signallers, and Appointed Persons.
- Specialists in complex lifts.
- Capabilities of our lorries save you time and money - and cause less disruption to site.

Peace of Mind

- Advanté are BSI registered for; Safety - ISO 45001, Environment - ISO 14001, Quality - ISO 9001 and PAS 99.
- FORS Gold accredited since 2016.
- We hold an international operator's Licence.
- Committed to protecting the environment and constantly improving our fleet to do so. All our vehicles conform to the necessary European Standards for emissions.

Specialised Equipment

- Lorry loaders capable of conducting a full 360-degree lift at full capacity! Eliminating the need for additional mobile cranes on site on many occasions.
- Outrigger mats are carried and lifted safely without the risk of manual handling.
- Trackway to eliminate any ground damage, including specialist sports surfaces.

Flexibility

- We operate a variety of vehicles up to 82TM giving you a selection of vehicles to meet each job's requirements.
- Lorries can be hired hourly, daily or as a job price.
- Operational area UK mainland.

ID:000741
